Here comes your text of the one page abstract! Please use 12 pt Times New Roman font, single line spacing, and justified alignment. Please leave 3 cm left and right margins on the A4 page for binding. The use of figures, tables, references [1] and formulae is possible. For example:

$$\omega^2 = \frac{nq^2}{m\epsilon_0}$$

Please submit the final version in RTF (or DOC) and PDF format using the submission systems on the conference website: www.sccs2011.net.

Figure 1: Figure captions and references should be written with 10 pt font.
